No Waste Paper Collections During

August-Polish Wedding-Personals. The collections of waste paper which have been made during the past few months for the Emergency Fund of the National League of Woman's Ser-vice will be discontinued during August. Collections will be made for the remainder of July and will be resumed again in September. It is hoped that people will save their paper through August so that the September collections will be the largest ever.

MAYOR CAUTIONS CITIZENS AGAINST FOOD WASTE mation is Being Posted at Va rious Points About the City.

Local Bay Scouts at the request of Mayor Allyn L. Brown are posting notices about town regarding the conservation of food. There are 200 notices in English, 100 in Polish, 50 in Jewish and 50 in Italian. These are to be posted in places where it is considered that they will be most noticeable. The proclamation follows:

The president of the United States having declared that the supreme test of our nation has come, and having asked for the earnest support of our people in the prosecution of the war which is now our war, I deem it my duty to caution all citizens against the waste of food, and to advise that the utmost economy be exercised in the consumption of products of wheat, and all other foodstuffs.

The gravity of the situation, which makes imperative a rigid husbanding of the world's food supply, is set forth in the following plea of Herbert C. Hoover, chairman of the American commission for relief in Belgium, and recently appointed head of the American Food Board:

"Our allies cannot fight without food. Our enemies are calculating that American will fail to supply them Proclamation.

food. Our enemies are calculating that American will fail to supply them that American will fail to supply them and that they will need to get in.

"The total stock of food today available in the allied world is not sufficient to last until September, if America continues its present rate of consumption. We are now face to face with the result of last year's poor harvest, the diversion of manpower for agriculture all over the world, the unavailing efforts of the European wo-

isolation of Russia; the sinking of food ships, and many other causes.

"England, France and Italy are reducing consumption by drastic steps, but even with all this reduction they must have from us during the next three months more than twice as much food as we should have exported normally or than we can send if we consume as usual. The only hope of providing the deficiency is by the elimination of waste and risonous self-section.

At the grove Tubbs' Military band will furnish music and refreshments will be served.

The fourteen members of the execu
Such a saving represent but a small bruises. The car was badly damaged.

in their production must be made as well.

Therefore I deem it my further duty to advise the citizels of this community to make extraordinary efforts efforts to increase the cultivation of foodstuffs, and for this purpose to utilize all labor that can be spared from other occupations, and all cultivatable land that is now idle. The laborated extraord ordinarily eigen up to bor and ground ordinarily given up to crnamental guitivation may well be dedicated for the time being to this patriotic and human purpose.

Let it not be said that in the adoption of wise and patriotic measure

for the successful prosecution of the great struggle for the world's liberty upon which our nation has enerted this community has not done its full part. ALLYN L. BBOWN,

SCOUTS TO GO ON CAMPING TRIP Troop Six Makes Final Arrangements at Meeting Monday Evening.

Troop 6 of the Boy Scouts of Amer-ica met Monday evening in Trinity Methodist church to make final arrangements for the ten days camping trip that the boys have been planning It was decided that owing to the difference in opinion to have two camps this season instead of one as before. The camps will be located at Lantern The camps will be located at Lantern Hill and Ocean Beach, each scout being given his choice of camps. The the woods, where they spent a profitable two or three hours.

In the evening a large campfire was greatly enjoyed and during the evening appropriate stories were told in which the campers were much interested.

Monday a baseball game was played in the afterneon and several of the latterneon and several of the day following. the the day following.

> DRIVE FOR RECRUITS IS BRINGING RESULTS Monday Was a Banner Day for the Third Company.

The drive for recruits for the Third company is steadily gaining and if the recruiting goes on at the same rate as it has in the past the Third will leave the city recruited to war the roll, all having passed their ex-aminations. Monday was a banner day, eight recruits being taken in and all passing. The recruiting station at the Thayer building was in charge of Sergeant Jarvis and Bossey.

Broke Into Junk Shop. For the second time in a few months the building occupied by J. Watchinsky of New London as a junk shop was broken into Saturday or Sunday night. The locks of the door were broken and entrance effected in that way and as nothing was stolen or very much disturbed it is supposed that it was the work of hove who that it was the work of boys who wanted to get into the building for the purpose of playing poker, as it was formerly said to be used for that purpose

Off for the Front. "I am leaving on the Cunard liner Carpathia today, July 14. Ed." With this brief message to his mother, pen-ciled on the back of a cigarette box and thrown from the deck of the liner ust before its departure, Edmund J. Downey of New London sailed for the battle front in France Saturday afternoon. The message is the first inti-mation that Mrs. M. J. Downey had that her son was off to France.

In the Bath

Before retiring, use with Glenn's warm water Sulphur and insure a Soap restfulnight.

Refreshes Contains 30% Pure Sulphur. III's Hair & Whisker Dye, Black or Brows, 80: Dangerous Dandruff

The only possible way to permanently get rid of dandruff—the sure hair destroyer—is to remove the cause. Shampooing merely cleanses the scalp for a few days, then the dandruff scales appear again as thick as ever. It was Dr. Sangerbund, the famous Parls specialist, who discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of genuine Parisian sage (liquid form) to destroy the dandruff germ and premptly prevent the further loss of hair. Get from your druggist about four ounces of Parisian sage and rub a small quantity well into the scalp, you will be amazed at the result of even one application, for your hair and scalp will look and feel 100 per cent. better. Only a few applications are needed to destroy the germ that causes dandruff to form, your scalp will immediately feel cool and comfortable, and your hair appear soft, brightlooking and seem heavier than it reality is. Since Dr. Sangerbund's discovery the American peeple are resitzing that dandruff is as unnecessary as it is dangered of it and save their hair by a few days' use of this simple, inexpensive and harmless treatment. Be sure you get the genuine Parisian sage (Giroux's), for this brand is delicately perfumed, will not stain the hair and has the guarantee of perfect satisfaction or money returned printed on every package. Lee & Osgood can supply you.

AUTOISTS HAD NARROW ESCAPE FROM INJURY Fitchville Party Nearly Crashed Through Fence and Down an Em-

availing efforts of the European wo-men to plant available fields fully, the isolation of Russia; the sinking of food and driven by a Fitchville man had

providing the deficiency is by the elimination of waste and rigorous self-sacrifice on the part of the American people."

Thus by the exercise of patriotic self-restraint and a judicious selection of only the most plentiful foods for use, every American man, woman and child can do his or her bit to aid America and its allies in this hour of need.

We are a pation of 102 860 000 personer to Mohegan Park for the afternoon. Instead of going down Rock-well street after leaving the park entrance, the man drove his machine coming down the hill onto Broad street the brakes of the car failed to hold and the car started down the hill at a fast rate. The driver seeing that he could not make the turn at the foot of the hill turned his car sharply to the right and crashed into We are a nation of 102,860,000 persons, of upwards of 20 million families. If each family will reduce its consumption of food by but a pound a week there can be added to the food

The foot of the nill turned his can sharply to the right and crashed into a stone wall on the avenue, which saved him from going over the embankment at the foot of the hill.

As a result of hitting the wall the

To Dismantle Coaling Plant. In making changes at the New Lon to bring the war to an early and cessful conclusion.

Not only must the most rigid economy in the consumption of foodstuffs be practiced, but an enormous increase in their production must be made as well.

Therefore I deem it my further duty to advise the citizels of this community to make extraordinary efforts efforts to increase the cultivation of the plant were opened Monday at the base and forwarded to the navy department in Washington, which will make the award. A large number of junk dealers are interested in the dismantling of the plant and it is also said that there is a possibility that some of the material might be that some of the material might be that some of the material might be used in connection with the building of the new shipbuilding plant in Gro-

> County Co-operative Association Papers of incorporation of the New ondon County Co-operative association, recently organized, were filed with Town Clerk John C. Turner in New London, Monday. The purpose of the association is to buy and sell the necessities of life on a co-operative plan. The association is incorporated with a capital stock of \$25,000. The association starts out with a charter list of more than 800 members. The stock is divided into 1,000 shares at \$25 each.
